Dear Tim,

A handwritten signature in blue ink that appears to read "Tim".

As you can imagine, I have a special spot in my heart for earthrounding projects and would like to tip my hat to your team for the upcoming Wings of Mercy Wings Around The World Flight.

As you are aware, it's no easy task to fly around the world. I did it nonstop in 1986 in the Voyager Aircraft, and then again (this time with plenty of stops) in my homebuilt LongEZ in 1997 while on the EAA Friendship Tour. Both were incredible, drama packed flights and I wouldn't change a thing. Whether you're creating history, or extending your hand to other countries, it's an awesome undertaking.

Best wishes for you and your team as you prepare to circumnavigate the globe. You are embarking on a most unique adventure. Know I'll be applauding you every nautical mile along the way.

Best regards,

Dick Rutan
Commander, Voyager Aircraft
